Testimonials

“

Just got back from a week-long hunting trip on Adak Island in Alaska—it's one of the most remote & desolate places in the world. Your device worked great and my energy level was good for hunting.

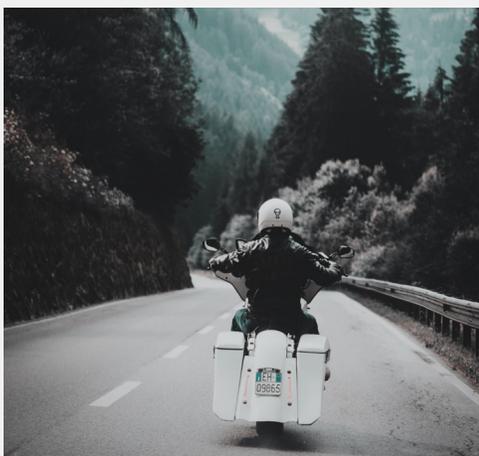

John B., Transcend 3 customer

“

I really like your new device and wish I would have bought it sooner! It's better for my motorcycle rides and takes up less space with my travel gear.

Dan F., Transcend 365 customer

TWO DEVICE OPTIONS. ONE GOAL.

To give you a comfortable night's sleep at home, on the road, or wherever life takes you. Using a CPAP should enhance your life, not tie you down. Transcend miniCPAP systems are designed for comfort and convenience, so you can sleep well no matter where you go.

Transcend 365 miniCPAP

Smarter at home and on the go

Anywhere. Every night. That's what Transcend 365 is designed for. Transcend 365 is the first and only fully integrated travel-size CPAP and heated humidifier that can operate on battery power. You'll get the same high-quality CPAP therapy you expect from a traditional home CPAP machine in a device that's about half the size.

Transcend 3 miniCPAP

The original miniCPAP just got better

Transcend 3 miniCPAP is the perfect travel-size companion to your at-home CPAP machine. Small as a soda can, quiet as a whisper, and ultra-lightweight, Transcend 3 slips easily into your briefcase, purse, carry-on or backpack so you can sleep comfortably when you're away from home. And it's all backed by the industry's best warranty.

TRANSCEND 365 miniCPAP

The miniCPAP for use every night, whether you're at home or on the go.

Full-Size Features in a Travel-Size CPAP

Integrated heated humidification. Using patented Capillary Force Vaporizer™ technology, Transcend 365 miniCPAP provides the comfort of heated humidification from your first breath.

Battery-powered humidification. Thanks to patented Smart Power™ technology, Transcend 365 is the only travel-size CPAP + integrated heated humidifier that can be powered by a single P10 battery.

Enjoy the friendly skies. Transcend 365 is FAA-approved for in-flight use.

Freedom to choose your accessories. Transcend 365 is compatible with any CPAP mask & any CPAP hose with standard 22mm connection, giving you the freedom to choose what fits you best.

Quiet as a whisper. At a sound pressure level of only 27.7 dBA*, Transcend 365 miniCPAP is quieter than a whisper (30 dB).

User friendly display & controls. Transcend 365 miniCPAP's large, color LCD screen and tactile buttons let you easily navigate menu screens, manage settings and view your compliance data right on the device.

2-Year Warranty. Transcend 365 is backed by a 2-year manufacturer's warranty.

TRANSCEND 365's SMART TECHNOLOGY.

Transcend 365 miniCPAP is the **smart CPAP** at home or on the go.

Color LCD Screen = Easy Data Management

Transcend 365 stores your compliance data internally. That data, along with your device settings, can easily be viewed and managed on the **large, color LCD screen**.

Large Tactile Buttons

Easily navigate menu screens and turn on your CPAP therapy in the dark with Transcend 365's oversized buttons.

Smart Humidifier Means No Rainout

Transcend 365's advanced Smart Humidifier™ technology senses and adapts to your breathing pattern so you get humidified air only when you inhale, which is when you need it. This breath-by-breath approach to humidification eliminates rainout and reduces the amount of water used by about half compared to a standard CPAP humidifier.

Battery-Powered CPAP & Humidifier

Thanks to **patented Smart Power™ technology**, the small but powerful Transcend P10 battery can power your entire unit – the Transcend 365 miniCPAP and heated humidifier – for a full night of therapy and humidification at home or on the go.

Instant Humidification Transcend 365 miniCPAP is the first and only CPAP machine to use **patented Capillary Force Vaporizer™ (CFV™)** technology, which means the days of waiting 30 minutes for the water to warm up before getting the comfort of heated humidification are over.
